# THE DISH OF THE DAY

by JAYE INK

Food is an important and wonderful necessity in everyday life. Food can remind us of a holiday we've been on, a memory we enjoyed, or most importantly: someone we love. For thousands of years, humans from all over the world have been testing out and combining different ingredients to make new and tasty meals. Did you know pizza was invented for a queen?

Our favourite foods are something very meaningful and special to us. For my creative prompt, I ask you to create your favourite dish.

Don't worry!  
There is no cooking involved,  
just creativity.

# DO

- 1. Think of your favourite dish, then slowly deconstruct it in your mind.*
- 2. Using whatever materials you are most comfortable with, recreate those individual ingredients!*

# THINK

- 1. Why is this dish special to me?*
- 2. How should I layer the ingredients?*
- 3. What is the name of my dish?*

# SHARE

1. Put your ingredients together to create your dish.
2. Place it on a plate (presentation matters!)
3. Snap a picture and share it with a friend!

# MY OUTCOME!

I used cardboard, washi tape, and tipex to create my favourite food; a cheeseburger!
